PAYMENT POLICY

Rates quoted are per insertion. Rates are net. Except by special advance arrangement, all contracts submitted to reserve ad space are subject to the rates of the calendar year in which ad is published. Ad reservations overlapping two calendar years will be billed at the ad rate of the published year, with frequency discounts honored. All 1x ad placements require full payment at time of order. All 3x ad reservations require full payment for first insertion at time of order, and subsequent insertions will be billed to credit card provided on contract at closing date for reserved issue. All 7x, 8x, and 10x ad reservations also require full payment for first insertion at time of order, and subsequent insertions will be billed to credit card provided on contract at closing date for reserved issue. Except for specific ad locations published in the *Staffing Success* rate chart, an additional charge of 15% is assessed per ad per preferred placement (e.g., right-hand page, far-forward, etc.). A 15% discount is available to authorized agencies (see Agencies below); discount not available where agency and advertiser have common ownership. **Nonmembers add 50% to all rates.** Member rates apply only if membership is maintained for the duration of this contract. **All sales are final and no cancellations will be accepted.**

GENERAL INFORMATION

All advertising material is subject to ASA approval. ASA reserves the right to determine the suitability of all ads submitted for publication or distribution, and to reject ads that do not meet its editorial or production criteria. ASA prohibits advertising, exhibiting, and marketing to staffing firms' regular employees for the explicit purpose of recruiting and soliciting such employees for employment or entrepreneurial opportunities, including but not limited to franchising opportunities. ASA reserves the right to determine the suitability of all advertisements, exhibits, and other forms of marketing and solicitations, and, in its sole judgment, may approve, reject, or revoke such for any reason.

- Agencies:** ASA accepts the advertising placed by agencies on behalf of their clients under the rules of agency as defined in the Uniform Commercial Code; therefore, all costs and liabilities associated with the placement of such advertising are the responsibility of the company for which such advertising space was ordered. A 15% discount is available to authorized agencies with prepayment. However, discounts are not available where agency and advertiser have common ownership. Failure on the part of an advertising agency to pay for space ordered does not release the client company from obligation to pay for all costs contracted on its behalf.
- Materials and Regulations:** Artwork must arrive by specified closing dates. ASA, or contracted printers, will not edit, design, or alter any advertiser-submitted ad. Ads must be resubmitted by artwork deadline for advertisers to alter ads in any manner. If advertiser fails to provide required material to meet deadline of issue in which space has been ordered, the last published advertisement available will be repeated. If no advertisement is available, the advertiser will be billed for the space reserved. Each advertiser or agency will receive two copies of the reserved issue. The words "advertisement" or "special advertising section" will be placed with ads that, in the publisher's opinion, resemble editorial manner. ASA is not responsible for shifts in color due to differences between the file and the proof. ASA reserves the right to reject improperly prepared materials.
- Basic Formatting and Specifications:** Artwork should be submitted in print-ready PDF (6.0 or higher). Allow 1/8" bleed on all sides of full-page ads; crop marks should be included outside of ad area (set off at 1/8"). For partial-page ads, do not submit ads with bleed or crop marks (sizes must measure specified live area). Convert fonts to outline when possible. All spot inks should be converted to process colors. All color imagery should be saved at 300 ppi resolution in TIF or EPS format. Maximum ink density in any image should not exceed 360. Line art should be saved as vector-based EPS or minimum 800 ppi bitmap mode TIF. Never use transparent TIF function in Photoshop; create a clipping path in the image file.
