Q1 2015 American Staffing Association Employment and Sales Survey Sector-Level Questionnaire

To ensure the confidentiality of company data submitted by survey participants, ASA has partnered with Inavero Inc. to tabulate results and derive cumulative figures. ASA does not have access to company submissions, and reports only aggregate results.

Survey participants receive an exclusive report on the survey results, which includes payroll data available nowhere else.

If at any time, while you are filling out the survey, you need to go back to a previous screen, you can select the "back" button on your browser so that the questionnaire will return to the previous page. For technical questions regarding this survey instrument, contact Inavero at 800-921-2640. For general questions about this survey, contact Cynthia Poole, ASA director of research, at 703-253-2048 or cpoole@americanstaffing.net.

Based on feedback from members like you, ASA is establishing a system to provide an accurate and timely estimate of temporary and contract sales by sector (e.g. IT staffing, health care staffing, etc.). Would you be willing and able to provide temporary and contract sales data by sector?

Please Note: Without sufficient sector level data, it will be impossible for ASA to provide sector-level benchmarking detail.

No, I am only able to provide overall data
For which of the following sectors do you currently track revenue? Please select those sectors:

Yes, I will provide data by sector

We don't track revenue by sector

INSTRUCTIONS & DEFINITIONS

Please enter figures for all branches, franchises, and licensed operations in the U.S. (including Puerto Rico and the Virgin Islands).

Temporary and contract staffing is defined as a service whereby your company hires its own employees (W-2 workers—not 1099 independent contractors and not employee leasing) and assigns them to work for clients. This may involve supporting or supplementing a client's work force to keep it fully staffed during busy times, gaining special expertise or staffing special projects, filling temporary vacancies, or temp-to-hire arrangements.

SALES

Enter <u>total</u> temporary and contract staffing sales (including any royalties and license or temp-to-hire fees) for the following quarters.

TOTAL (temporary and contract staffing)			

Does your company subcontract temporary or contract staffing services (where your company is the primary
contractor, but services were actually provided by another staffing firm)?

SUBCONTRACTED SERVICES

Enter the <u>total</u> value of subcontracted services provided by other staffing firms(s) for the following quarters. Any sales identified as subcontracted services are backed out of the total sales reported by your firm. If the total sales you reported for the previous question already exclude these earnings, you may leave this blank.

GROSS MARGIN

Enter gross margin dollars for temporary and contract staffing services for the following quarters.

Please note: Gross Margin = Total Sales – Cost of Labor

Cost of Labor = Wages + FICA + Workers' comp + Unemployment insurance + Health benefits + Other fringe benefits (sick pay, retirement, vacation, etc.)
