

How to Purchase and Study for Your ASA Credential:

1. Decide which [ASA certification program](#) best suits your professional needs.
2. [Purchase](#) your ASA certification exam package from the ASA Store. *You have one year from the date of purchase to take and pass the exam.*
3. Study and prepare for the exam.

Here are Some Important ASA Exam Study Tips:

- Review the state and federal workbooks.
- Review the Certification Study Guide (online PDF document included in exam package purchase only).
- Review the online PDF study guide on the Affordable Care Act.
- Take the online practice exam to evaluate which areas require additional studying.
- Refer to the appropriate sections of the *Employment Law* and *Co-Employment* books for additional information on topic areas where you need to improve.
- Take the online practice exam again after additional study. *You may take the online practice exam as many times as you like.*
- Depending on your industry experience, allow four to six weeks and averaging one to two hours per week for studying.
- Allot two hours of uninterrupted time to take the exam.
