

Meeting Current and Future Workforce Needs with a New Learning Ecosystem

Janet Salm

Managing Director of Research
Strada Institute for the Future of Work

The first person to live to 150 years old has
already been born

47 percent of total US employment is at risk of computerisation

77%

of CEOs find it difficult to get the creativity and innovation skills they need

Why an ecosystem metaphor?

The New Learning Ecosystem

Navigating

Funding

Precision learning and support

Endorsement

Opening doors

THANK YOU
