

American Staffing Association Staffing Index

The ASA Staffing Index is designed to monitor current staffing employment trends. All data submissions through this survey are confidential. For more information, visit americanstaffing.net/staffing-index (<https://americanstaffing.net/staffing-index>).

1. **Number** of temporary and contract employees* who worked the **week of April 6 - April 12**

2. **Number** of temporary and contract employees* who worked the **week of April 13 - April 19**

* If your company issues daily or biweekly checks, enter the number of temporary and contract employees who worked in each of the respective weeks specified in questions one and two above.

3. Did any of the following factors have a negative effect on the number of employees you reported working the **week of April 13 - April 19** compared with the **week of April 6 - April 12**?

- COVID-19
- A holiday
- School breaks (e.g., spring, winter, summer)
- Seasonal business fluctuations
- Inclement weather
- Temp-to-hire conversions
- Client offices were closed
- Special project or event in my area
- Another factor (please specify):
- No factors materially affected employment

4. **NEW: Number** of employees starting new assignments** the **week of April 6 - April 12**

5. **NEW: Number** of employees starting new assignments** the **week of April 13 - April 19**

** Enter in the total number of employees who started a new assignment during each of the respective weeks specified above, whether or not the employee is new to your staffing firm.
